October 1993

Next HCRA Meeting

The next Hampden County Radio Association meeting will take place on Friday night October 1, 1993 and will feature an extremely exciting topic, severe weather. Come join the fun as you become entertained by Evan Rubin, a meteorologist from Channel 22 out of Springfield. Be sure to tell your friends and pass the word of this presentation. Evan is well known in the community and it should be interesting to hear what he has to say. Due to commitments at the station, Evan will be unable to be present at the traditional starting time of 8:00. So this month only the meeting is set to kick off at 8:30 P.M. However, the doors will still open at 7:30 and the hour would be an excellent time to socialize. An "Open Forum" (Club Business) will be held this evening at 8:00-8:30 in order to fill the vacant time. Come and voice your opinion. Hope to see you there!!

This Month: Evan Rubin to discuss severe weather

October Meeting Info

Don't miss it!!

This meeting looks to be one of the most exciting meetings ever held in the history of the HCRA. It is about a topic everyone is fascinated with, severe weather. Evan Rubin, a well known meteorologist from channel 22 will give this presentation. We suggest you tell your friends, bring your XYL, your dog, or anyone you might know that will make Evan feel welcome. We would like a big attendance so Evan will be impressed. More information about the meeting and starting time is located on the front cover of this issue. Hope to see you there!

Tech corner is on the rebound! It looks like things will be kicking off in the near future, most likely at the December social as of press time. Board member, Barry NIIJK has volunteered to help coordinate Tech Corner. However, he can't do it alone. As in the past, we need volunteers to help. Most of this work simply involves giving a talk on the area of expertise you are best at. Such topics include antenna set-up, soldering techniques, HF operation, and more! If you would like to sign up for tech corner in the upcoming months, contact Barry at (413) 747-7010 and let him know.

Currently scheduled to kick off Tech Corner is a presentation on HF operation at the church in conjunction with the December Social. This meeting is also show and tell night - A giant Tech Corner!!

News from the ARRL....

League voices concern over call sign plan

The ARRL in a newsrelease this week said that a "three-year effort to resume the issuance of amateur radio club and military recreation station call signs may be in jeopardy."

"This situation has tended to demoralize newer clubs," said ARRL President George S. Wilson, W4OYI. "They've have had no new opportunity to establish a permanent, on-the-air identity."

No new club call or military recreation call signs have been issued since 1977.

The ARRL began its latest effort to persuade the FCC to resume club licensing in 1990, when it offered to assume the administrative burden of processing club applications at no cost to either the applicants or the government. When it appeared that the FCC needed special legislative authority to approve such a plan, the League sought and obtained the necessary legislation.

On July 26, 1993, when the FCC invited applications from qualified organizations to serve as call sign administrators, the ARRL submitted an application demonstrating its qualifications as well as its ability and desire to implement the new program immediately.

"Unfortunately," said David Sumner, ARRL Executive Vice President, "applications from four other less qualified entities have already delayed, and could even jeopardize the program."

To serve as call sign administrator, an organization must demonstrate, among other things, that it is tax exempt under section 501(c)(3) of the Internal Revenue Code of 1986 and exists for the purpose of furthering the amateur service; that its membership includes at least one percent of the amateur operators licensed by the FCC (presently more than 614,000); that it will accept and process applications without regard to race, sex, religion, national origin or membership (or lack thereof) in any amateur service organization; and that it will

Zero Beat is a monthly publication for the Connecticut Valley Amateur Radio Club. It is published monthly, except for the December issue which is combined with the January issue. Subscriptions are \$10.00 per year. Single copies are \$1.00 each. All correspondence should be addressed to Zero Beat, P.O. Box 100, West Springfield, MA 01089.

October Radio Factoids

10/1/28- On this date, "W" and "K" call signs went into effect for U.S. radio amateurs. "W" for continental stations, and "K" for all stations in the insular possessions and Alaska. This was per order of S.W. Edwards, Supervisor of Radio, U.S. Dept. of Commerce, Detroit Michigan,

10/6/14- Armstrong patent award for regen. receiver. This historic patent, later contested by de Forest, was one of the few that brought Armstrong any real income. His FM patents were largely ignored or disregarded -illegally- by the industry giants who had a vested interest in AM.

Technician Class: There will be a class starting up soon for the technician class license. It will be taught by Steve, WA1YEF and Barry, N1IJK. Morse Code will be taught a half hour early for those interested. If interested, contact Barry @ (413) 747-7010

Future Meetings + Events

October- Friday October 1 - This meeting looks to be extremely exciting and interesting. The board has planned the topics to be about something everyone talks about and is interested in, the weather. The topic looks to be about severe weather and how ham radio helps out. The speaker looks to be an extremely well known meteorologist from Channel 22 in Springfield, Evan Rubin. Evan is often seen doing the weather on TV from the different newscast times. He is well educated on the topic and it should be a sight not to miss. Please see the article in this issue for more information on Evan, and the topic he will talk on. Be sure to tell your friends and join us for this meeting!

October 7- Board meeting at Greg's house. Anyone is welcome. If interested in attending, see Greg, N1AEH at the next meeting for directions.

October 30+31- CQ WW DX Phone Contest beginning 0000Z (48 hour contest)

November- Friday November 5 - As always, the November meeting is reserved for an extremely popular event in the past, the annual auction. The rules will be announced in the next issue of Zero Beat. However, these rules will be extremely similar to those in the past. The auction is always a fun time for all. It is an excellent opportunity to purchase that long awaited tube, or socialize with fellow Hams. Please pass the word. Anyone can attend our auction, you do not have to be an HCRA member. Steve Nelson, WA1EYF will once again be the auctioneer.

December- Friday December 3 - The December meeting will again be the HCRA's annual social and show and tell. You will be permitted to bring your favorite radio toy and share it with the membership. Keep reading Zero Beat in the future for information all of the HCRA's upcoming events. Also as the cold weather approaches, look for information on the HCRA's cancellation procedure to keep you informed.

June 25+26- Field Day. It is not too early to plan for Field Day at the Agawam High School. Last year everyone who attended had an excellent time. Please plan to join us for next years event.

Hampden County Radio Association, Inc.

Membership Questionnaire

RESULTS

The following lists the results of the membership questionnaires that were filled out at the September meeting by the members. The amount of people that responded to each question was 36. The number in parentheses besides each letter indicates the amount of people that chose that particular response. If you have not filled out a questionnaire and you would like to, it is not too late. Simply fill out the extra survey submitted in this issue and either mail it to the club P.O. Box (located on the outside of ZB by the mailing label) or drop it off at a future meeting! Your opinions matter!!

1. The HCRA's Meetings are:

- a. Too Technical (2)
- b. Not Technical enough (8)
- c. Perfect the way it is (26)

2. The HCRA's banquet:

- a. Should be kept at the church (19)
- b. Should be at a restaurant (10)
- c. A picnic sounds good (7)

2a. The HCRA's banquet:

- a. Should be kept in June (32)
- b. Should be moved to a different month (3)
- c. The banquet is a waste of time for the HCRA (1)

3. The type of refreshments at a regular HCRA meeting should:

- a. Consist of pizza, soda, and coffee (4)
- b. Stay the same (Coffee and doughnuts) (26)
- c. Be the same with pizza (4)
- d. Be eliminated (2)

4. The HCRA's meeting topics:

- a. Are interesting now (25)
- b. Should try more things unrelated to ham radio (10)
- c. Other: "Try a meeting on home security" (1)

5. About the HCRA's participation in the Jan. VHF contest:

- a. Is fine the way it is (29)
- b. I would like more info about this (5)
- c. The emphasis should be scaled down a bit (1)
- d. I hate VHF! eliminate the HCRA's participation (1)

6. Field Day:

- a. Is fine the way it is (29)
- b. Should be moved away from the Agawam High School (4)
- c. I would like more info (3)
- d. The HCRA's participation in Field Day is a waste of time (1)

7. The December Social:

- a. Is fine the way it is (28)
- b. Should consist of a banquet (Instead of having it in June) (3)
- c. We should have a speaker instead (5)

8. The HCRA's election procedure:

- a. Is fine the way it is (26)
- b. Needs to be improved (7)
- c. I would like more info (3)
- d. Other: no responses or suggestions

9. The HCRA should consider getting involved in repeaters:

- a. This is a great idea (7)
- b. A general interest club should not become involved in such an endeavor (14)
- c. I am not sure (15)

10. Are you interested in hearing shuttle rebroadcasts?

- a. Yes (23)
- b. No (10)
- c. I am not sure (3)

11. I am interested in having an open forum prior to each meeting

- a. Yes (20)
- b. No (10)
- c. I am not sure (6)

The questionnaire also contained a Tech Corner question in which the majority wanted but only one person was willing to help. Everyone also liked Zero Beat. There also contained a write in question about meeting topic ideas. Some suggestions included more meetings on DX, satellite, qrp, and home security.

Newspaper Article ARRL President

Article about the Connecticut Institute for the Blind

provide the FCC with a plan for processing applications for modified or renewed club licenses in the event the organization ceases to function as an administrator.

"The ARRL has demonstrated that it meets all these criteria," Sumner said. "Four other entities have filed applications that appear to be defective in one or more respects."

On August 5 the ARRL filed its opposition to the requests of the other four entities to serve as call sign administrators, citing the shortcomings in their submissions and reminding the Commission that there is no requirement that more than one administrator be named -nor any advantage to be gained from doing so. "This has nothing to do with the merits of the other organizations, particularly those who do good work in other fields of amateur radio," Wilson said. "It's simply that there is no need for more than one club and military recreation call sign administrator, and nothing but confusion to be gained from having more than one. It's not all that clear why these other groups jumped on board at the last minute of a three-year effort.

"The ARRL originated and developed the idea. We guided it through Congress. We're ready to make it work, and are uniquely qualified to do so.

"All we need is the go-ahead from the FCC. The sooner we can get it, the sooner the clubs will be able to put new call signs to good use."

The other groups who have applied to be call sign administrators are the W5YI-VEC Inc., the National Amateur Radio Association, the Quarter Century Wireless Association, and the Southeastern Repeater Association.

Available at The Connecticut Institute for the Blind is the Ella Victoria Anderson Resource Room, which houses two computers and various other speech, printing and scanning devices. This equipment is available to the blind and physically handicapped having difficulty reading standard text. There is an indication that some help funding computers for your use may be available. For further information, contact Bob Knopka, 120 Holcomb St., Hartford, CT 06112, 242-2274.

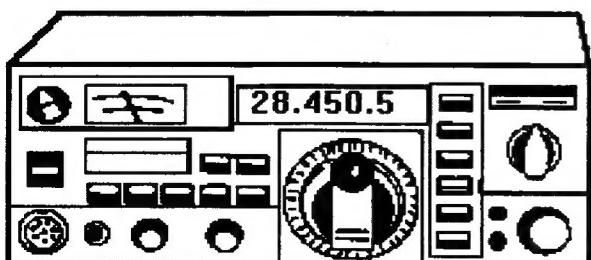

Many of you have been asking about various ways in which to access computers. The National Braille Press, 88 St. Stephen St., Boston, MA 02115 has a book available entitled to Access to Technologies. This comprehensive book is available in print, Braille, on computer disk, and on tape. Contact NBP for further information.

It is generally acknowledged that service to ARRL members who are handicapped needs to be greatly improved and there are many of us, including ARRL staff, your section manager, cabinet, and your director, who are concerned about this problem. But we need to know who you are. If you are a handicapped operator who cannot read print, please give me your name and call so that an attempt can be made to plan for better service. VEs are encouraged to refer names and calls, if available, to Betsey - K1EIC STM of Connecticut, with who would benefit for additional supportive services.

The Man Who Sold Hot Dogs

Newspaper Article HCRA Welcome Harvey Broverman

The HCRA would like to welcome Harvey Broverman, K1PZS who recently joined our Club. Welcome aboard Harvey and thanks for joining!

There was a man who lived by the side of the road and sold hot dogs. He was hard of hearing so he had no radio or T.V. He had trouble with his eyes so he read no newspapers. But he sold good hot dogs. He put up signs on the highway telling how good they were. He would stand on the side of the road and cry: "Buy a hot dog, Mister?" And people bought. He increased his meat and bun orders. He bought a bigger stove to take care of his trade. He finally got his son home from college to help him out. But something happened. His son said, "Father, haven't you been listening to the radio or T.V.? Haven't you been reading the newspapers? There is a big recession. The world situation is terrible and the domestic situation is worse." Whereupon the father thought, "Well my son's been to college, he reads the papers listens to the radio and T.V., and he ought to know." So the father cut down and his meat and bun orders, took down his advertising signs, and no longer bothered to stand on the highway and sell his hot dogs. And his hot dog sales fell overnight.

"Your right son," the father said to the boy. "We certainly are in a middle of a recession."

Membership Questionnaire

Dear HCRA member, please fill out this questionnaire if you have not already done so. The information gathered here will help the board of directors monitor how you, the members feel about the HCRA. To participate, simply circle the letter that best suits how you feel on a particular response for each question. If you feel that on one question you wish to circle two letters, you may do so except please put a check besides your most important response. This information is completely confidential. Please either bring this to one of the future meetings or simply mail it to the club address located by your mailing label of Zero Beat. Thanks for helping out with this project.

1. The HCRA's meetings are:

- a. Too Technical
- b. Not Technical enough
- c. Perfect the way it is

2. The HCRA's banquet:

- a. Should be kept at the church
- b. Should be at a restaurant
- c. A picnic sounds good

2a. The HCRA's banquet:

- a. Should be kept in June
- b. Should be moved to another month
- c. The banquet is a waste of time for the HCRA

3. The type of refreshments at a regular HCRA meeting should:

- a. Consist of pizza, soda, and coffee
- b. Stay the same (only coffee and doughnuts)
- c. Be the same with pizza
- d. Be eliminated

4. The HCRA's meeting topics:

- a. Are interesting now
- b. Should try more things unrelated to ham radio
- c. Other: _____

5. About the HCRA's participation in the Jan. VHF contest:

- a. Is fine the way it is
- b. I would like more information about this
- c. The emphasis should be scaled down a bit
- d. I hate VHF! eliminate the HCRA's participation

6. Field Day:

- a. Is fine the way it is
- b. Should be moved away from the Agawam High School
- c. I want more info about Field Day
- d. The HCRA's participation in Field Day is a waste of time

7. The December social:

- a. Is fine the way it is

- b. Needs to be improved
- c. I want to learn more about the HCRA's election procedure
- d. Other: _____

9. The HCRA should consider getting involved in repeaters:

- a. This is a great idea
- b. A general interest club should not get involved in such an endeavor
- c. I am not sure

Please Turn the Questionnaire over to the other side.

10. Are you interested in hearing shuttle rebroadcasts?

- a. Yes
- b. No
- c. I am not sure

11. Do you wish the HCRA to continue to survive and grow?

- a. Yes
- b. No
- c. I am not sure

12. I am interested having an open forum prior to each HCRA meeting:

- a. Yes
- b. No
- c. I am not sure

13. I am interested in having Tech Corner at each meeting:

- a. Yes
- b. No
- c. I am not sure
- d. I would be willing to help

14. Zero Beat:

- a. Is fine the way it is
- b. Needs improvement
- c. I don't read Zero Beat

15. If you can think of any ideas that would make a good meeting topic, please list them here.

16. Do you have any other comments about the HCRA?

Thank you for taking the time and filling out this questionnaire. It is for your own benefit. It will help us to improve the club. Any additional comments you may have may be mailed to the club's address at HCRA, attn.: Board of Directors, P.O. Box 482, West Springfield, MA 01090-0482.
